GUIDELINES FOR PROPER USE OF HOT TUB

The hot tub has been provided for you to enjoy in comfort and provide a relaxing experience whilst you stay with us. However, for your safety and enjoyment there are guidelines for the proper use of the hot tub that must be adhered to by all guests. This is an important health and safety legal requirement for Hot tubs used in a commercial environment. You must adhere to the guidelines set out below. Failure to do so could result in injury or death and Pidley Bottom Cottages & Shepherd's Huts accepts no liability, due to loss or injury in relation to inappropriate behaviour, or misuse whilst in or around the confines of the hot tub. There are a few simple rules to follow so you can enjoy the tub throughout your stay.

- Guests must shower and use the toilet before entering the hot tub. Fake tan will stain and dirty the hot tub, requiring us to empty the hot tub, this will incur a cost.
- Do not use any soaps or detergents of any type in the hot tub, this will result in it having to be emptied and shut down for the remainder of your stay. This will incur a cost.
- Appropriate swimwear should be worn at all times, naked bathing is not permitted.
- The hot tub is quite deep so for caution there should always be a minimum of 2 people in the hot tub in case of an emergency.
- Test the water with your hand before entering to make sure it is a comfortable temperature.
- Guests should never submerge their head in the water.
- Hot tub water is not suitable to be in or near your mouth and should never be consumed. It is your responsibility to instruct any children of this advice.
- Do not jump into the hot tub, nor stand on or jump on the lid. Be aware that surfaces in and around the hot tub may be slippery with water or ice.

FOOD & DRINK: Never take glass into the hot tub, plastic glasses are provided. Any glass broken in or around the tub needs to be reported immediately.

CHILDREN: Risk to children – Extreme caution must be exercised to prevent unauthorised access by under age children. The hot tub cover must remain closed at all times unless a responsible adult is present. No children under 5 years old are permitted in the tub, as they cannot regulate their body temperatures suitably. Instruct your children to shower and visit the toilet prior to use of the tub and inform them to keep their heads out of the water (especially mouth and ears). Use extreme caution with all children wishing to use the hot tub, they are prone to overheating and this can be very dangerous. ALL children under 16 MUST be supervised at all times.

REMOVING AND REPLACING THE COVER. The covers are heavy and should be lifted into place by two people.

PLEASE NOTE: As the lead guest, and signatory of this form, you are responsible for ALL the people staying at the cottage with you during your stay being aware and agreeing to this information. A copy of the rules will be available in your cottage guest welcome folder. The signatory is responsible for making sure that all members of their party, and their guests, are aware of, and strictly adhere to the guidelines for proper use of the hot tub.
